Chadwick Optical is the nation's leading manufacturer of custom low-vision Rx's and specialty tints. High adds, highplus, high minus, high prism. Remember us for your extraordinary Rx's. We're up for the challenge!

Blackout, frosted, tints and custom RX's available

Stock Powers Available:

Prisms: +4, +5, +6, +7, +8, +10, +12, +14*(+\$10), +16*(+\$10)

Microscopics: +8, +10, +12, +14, +16(4X), +18, +20(5X), +24(6X), 8X, 10X, 12X

*While these powers are available, most patients will be unable to use them for binocular vision.

It is recommended to use a monocular configuration in these powers.

Family owned & operated since 1981
